4 Reasons Why I Love My Damon Smile

Wednesday, May 15th, 2013

Aloha friends! This month has already been full of so many great things, but it's quite not over. I'm thrilled to announce that my favorite smile-maker is changing its name to [Damon Smile](#). The change is bold, exciting and a perfect representative of the brand and the great smiles bring out in patients! After my shark attack, rebuilding my strength and boosting my confidence was key in my healing. My friends at Damon Smile and my orthodontist Dr. Turley played a big part in this. To celebrate this change, I want to share with you four reasons why I love my Damon Smile.

1) I love making people happy! *If I can make someone's day simply by offering them a smile, I've done my job. For me, I'm the happiest when I'm laughing with my friends and family! I love to make people smile too!. I'm proud of my Damon Smile and am blessed to share it with the world.*

2) Say cheese! *If you haven't noticed, I love taking pictures. Facebook, Instagram and Twitter—you name it, I'm on it. I'm blessed to live in such a beautiful place, travel all over the world and have amazing experiences. I also love sharing these experiences with my fans—which involves taking a lot of pictures. Being able to show off my Damon Smile definitely keeps me confident in front of the camera.*

3) Food I love my fruits and veggies, *but I don't love them in my teeth. Luckily, having straight, properly aligned teeth means I don't have to worry as much if the salad I had for lunch is still front and center. Before my Damon Smile, I was always getting stray pieces of food caught in my not-so-straight teeth. Now, my teeth are straight, easy to clean and SO much healthier! I love to be healthy and having aligned teeth helps with my oral hygiene!*

4) Having a gorgeous smile on my BIG day! *As my family, friends, and fans know, I'm now a bride-to-be and it seems like there are a million details to think about! These days photography is a big part of every engagement and wedding. With my Damon Smile, I'll walk down the aisle with confidence, knowing that I'm marrying the love of my life and will smile with him for the*

rest of my life! I'll also be able to look back on my pictures for years to come and be happy with my Damon Smile—I couldn't be more grateful. God is amazing!

Congratulations again to my friends at [Damon Smile](#) for the new name refresh! A great smile is truly invaluable and I feel blessed to be part of the Damon family... Show them some love and tell them what you think of their change. Keep smiling and until next time friends, Aloha!
