\$8,000 Smile Makeover Giveaway @MomStart

I'm a Damon Diva, an ambassador sharing my experience with Damon Clear, virtually invisible braces that are part of Damon Smile. It's been a year now and my smile has come a long way. Look at me! Yes, I still have braces and the bands are on today, but my smile has changed so much in a short period of time.

My gap is gone and my class three overbite is gone! Now, I'm in my finishing wire and have minor movements to complete with my top teeth. I LOVE MY SMILE NOW. Below are my photos from the halfway point. My gap was already gone and my bottom teeth are so straight. You can see how my top two teeth are jutting out a bit, but that's what we're working on now and I'm already happy with what's changed in that top photo with my purple hair.

And look at the photo above compared to where I started.

Looking back I can see just how far I have come. I never realized how slanted my bottom teeth were. I do have more confidence, and can't imagine how much more I'll have when the braces are off. I also never realized how much of a conversation piece braces are. People love to talk about braces. I love to recommend Damon Smile.

I am really excited to announce that in partnership with Damon Smile and MomStart, I am giving away a SMILE MAKEOVER to one lucky reader! How is THAT for a fantastic way to bring in the New Year with a NEW YOU?

Prize: The grand prize consists of one (1) Damon System Smile Makeover, consisting of orthodontic consultation, treatment, records (x-rays, imaging), and related treatment and planning, up to a maximum of \$8,000. Payment for treatment costs that exceed \$8,000 will be winner's responsibility. (giveaway is not transferable)

Few things to note, which are also in the rules you should read:
