

Pledge to 'Always Smile' National Orthodontic Health Month #DamonDivas

October 31, 2012 By [Momstart](#)

As a Damon Diva I get to share what's going on with the company behind the [Damon® System](#), Ormco. They are celebrating National Orthodontic Health Month in October by spreading awareness of the value of a healthy, beautiful smile. You are invited to visit www.damonbraces.com/promo/s4l-pledge and take the pledge to "Always Smile." For every pledge received, Ormco will donate one dollar to the [Smile for a Lifetime Foundation](#) (S4L), a nonprofit organization that provides orthodontic care and free braces to underserved children with financial challenges and orthodontic needs.

"With millions of Americans interested in improving their smiles, Orthodontic Health Month is the perfect opportunity to promote the difference a straight smile can make in a person's confidence, health and life," said Vicente Reynal, president of Ormco. "Smiles bring value to life experiences and with advanced solutions like Ormco's [Damon® System](#) that offers virtually invisible, comfortable and fast treatment, image-conscious adults, teens and kids can quickly achieve a new, beautiful smile."

The Damon System has treated more than three million patients worldwide. Available in a virtually invisible [Damon Clear™](#) option, the orthodontic treatment uses low-friction passive self-ligating brackets, hi-tech light-force archwires and minimally invasive protocols for remarkable patient results. Ormco also offers [Insignia™](#), an advanced digital treatment solution that utilizes a combination of powerful 3-D treatment planning software and customized appliances, enabling orthodontists to provide faster treatment and more predictable results compared with traditional braces.

If you are interested in taking the smile pledge click [here](#) and Ormco will donate one dollar for the first 1,500 pledges received.

For more updates follow them on Facebook

at Facebook.com/DamonSystemBraces and Facebook.com/InsigniaSmile, or Twitter at [@DamonBraces](#).

I'm a Damon Diva and will receive treatment and compensation for my time.
